

Community Update

#3 Jan 2018

HAPPY NEW YEAR WISHES FROM KMC!

We hope you enjoyed the holidays and look forward to a wonderful year ahead. To start off 2018 we have hit the ground running and are making incredible progress in our studies. Our many thanks and gratitude to all the fantastic people we have had the honor to connect, interact, and work with as we build our foundation.

We appreciate the time, consideration, guidance, and support you have given us this past year as we started and continue to preserver through the permitting and NEPA process.

We look forward to years to come in being a part of this wonderful community, and working with leaders of the surrounding communities in finding ways to give back as we grow our company. Beginning with a welcome to the New Year Community BBQ.

We hope you will join us for some warm cheer, good food and updates on our progress!
